How do I get a sign?

These are FREE digital download files. **We do not sell the signs.**

The 8.5"x11" file is best for home printing.

The 18"x 24" files are "print-ready" files and can be sent to your local print or sign shop for posters or lawn signs.

Where can I get a sign printed?

We suggest contacting your local print and/or sign shops and ask if they can print 18x24 coroplast lawn signs.

Google "Coroplast lawn signs + [Your area]" and you should get some suggestions!

Note: If your printer has a specific question or request, please have them contact us at wryandgingerstudio@gmail.com

Can I pay you for this?

No thanks! Standing up against hate is all we ask!

However, **if you are able**, something you CAN do, is make a donation to a charity or group that provides support/services to the 2SLGBTQ+, disability or BIPOC communities in your area.

Notes

- These "Hate has no home here" files are FREE to download and use for personal use.
- You may NOT copy, edit or sell these images or files.
- Colouring page can be used/shared with your classroom/program/group.
- You are welcome to group order and split the cost.
- We want access to be as inclusive as possible, so group donations are encouraged but should always be **optional**, as to not exclude those who can't afford an extra donation amount.

We'd love to see where your signs end up!
